Appliances for Niven Heights Phase 2 – The Condos

Whirlpool Refrigerator

-

Stainless Steel | **W8RXCGFXS**

- Stainless Steel

18 cu.ft. Whirlpool® Top-Freezer Refrigerator

Stylish contoured door design Elegant contoured doors feature rounded edges and hidden hinges to provide a contemporary, seamless look that lasts.

Easy reach temperature controls The temperature controls are at the front of the refrigerator compartment so adjusting your cooling is a cinch!

Maintain store-bought freshness Maintain store-bought freshness longer by adjusting the humidity- controlled crisper. A higher humidity level is ideal for leafy vegetables while a lower setting helps keep fruit fresh.

Whirlpool Range

30" Self-Clean Freestanding Electric Range

Adjust the element size to match your pots and pans A small electric element is surrounded by a larger element - each has a different electrical rating. Use the inner element to heat small pots and pans, or use the entire element for large pots and pans.

Fast-heating radiant elements Fast-heating radiant elements are sealed underneath a ceramic-glass surface. For best performance, use flat-bottomed cookware.

Spend less time in the kitchen A Whirlpool® CleanTop® System practically cleans up after itself. The CleanTop® System makes cleaning up a snap, limiting spills to where they occur.

Trap messy spills These porcelain SpillGuard® ranges have a slightly raised outer edge to help prevent spilled liquids from running over. The porcelain finish is durable and easy to clean.

Added safety A Hot Surface Indicator Light lets you know if a cooking element is on or is still hot for added safety.

Peace of mind A selectable control lock function helps prevent accidental or unwanted use. When activated, the electronic child lockout feature disables all electronic control buttons and locks the oven door to prevent unintended use.

Large enough to cook for an entire family The oven capacity measures 4.8 cu. ft.: large enough to cook dinner for the entire family, or full sheets of holiday baking.

Whirlpool Dishwasher

Whirlpool® Tall Tub Dishwasher

Take the guess-work out of cleaning dishes Whirlpool® Sheer Clean™ Wash System assures you of high performance cleaning in every load. Virtually eliminates the need to pre-wash or pre-rinse your dishes, for optimal cleaning performance every time.

Maximize your wash space Whirlpool Brand Super Capacity tall tub dishwashers feature three extra inches (7.6 cm) of loading capacity, letting you clean everything off the table including tall and odd shaped dishes.

4 Hour Delay Wash Option Wash dishes accordingly to your schedule. Lets you delay washing for up to 4 hours during off-peak hours when utility rates may be lower.

ENERGY STAR® Qualified
Look for the ENERGY STAR® symbol on selected Whirlpool® products. It shows that the product meets the ENERGY STAR® guidelines for energy efficiency.
